1. (Internal Use Only - JGO) Received a call from Mr. Robert Boyer, House Foreign Affairs Committee staff, who asked if we could provide a map, page size, of the Southeast Asia Burma area with our concept of the golden triangle superimposed. If it is necessary to classify the map for any reason, this would be acceptable since it will be used in a classified report to the Chairman. STAT

3. (Internal Use Only - JGO) Received from David Martin, Senate Internal Security Subcommittee staff, on loan a reporter's transcript of the appearance of General Lewis W. Walt (USMC, Ret.) before the Senate Internal Security Subcommittee on Thursday, 14 September 1972. The transcript has been forwarded to for review. STAT

25X1 3. [] I met with Mr. Frank Slatinshek, Chief Counsel, House Armed Services Committee, and briefed him on the material covered after he left the Intelligence Operations Subcommittee meeting. Mr. Slatinshek said he thought this present system of operations of the Subcommittee has worked well so far. In his judgment it "has taken the heat off the Agency" as far as the liberal members of the Armed Services Committee are concerned and possibly some of the more liberal elements of the House itself. In his opinion Mr. Nedzi seems to have the confidence of both the Chairman and the liberals. I thanked Mr. Slatinshek for his observations. 25X1

25X1 6. [] Delivered to David Martin, on the staff of the Senate Internal Security Subcommittee, our comments on the material he had sent to us last week concerning General Walt's testimony and asked him to give us a call if he has any questions. See Journal of 8 September.

4. ✓ [] Met with Mr. David Martin, Senate Internal Security Subcommittee staff, who told me that the transcript of General Walt's testimony of last Thursday has not yet been returned by the reporters. He suggested I check with him in the morning and he will see if at that time a copy can be made available for our review. He noted that General Walt went away from his prepared text on many occasions in response to questions. With regard to the publication of General Walt's report on "The World Drug Traffic," Martin told me they expect to go to the printers in about two weeks and requested that any comments that we have be returned by that time. Messrs. [] DDI, have been 25X1 advised.
